REPEAT MARKS

We use two repeat marks throughout the book:

1. Repeat the bar or measure before:

2. Repeat the bar or measure itself:

When you see this face logo, it tells you which **TRACK NUMBER** to follow along with on the CDs!

HOLDING THE DRUMSTICKS

To hold the sticks, first pick them up with both hands, one in each hand with your palms facing down. Make sure you don't squeeze the sticks too tightly, just enough to wrap your fingers around them as if you were holding on to them like a pair of handlebars on a bicycle. It's that easy! Check out the drawing below.
